Tailwind CSS

Git & Github

○ LANGUAGES ○

Norwegian

English

Romanian

○ HOBBIES ○

Programming, Technology

👤 PROFILE

I am incredibly **motivated**, **cooperative**, have good **communication skills** and above all, possess a **strong interest** in programming. I am not satisfied without **understanding** something entirely and are always open to **learning** new things and **technologies**!

💼 JOB EXPERIENCE

Alfa Mester Bygg AS
2016 — Present

Working as extra help at a construction and painting company. In addition to my **usual duties**, I also help on the **administrative** side by writing **work contracts**, sorting out **paperwork** and **communicating** with **clients** and **accountant**.

🌱 PERSONAL PROJECTS

KP Website - konstapascal.dev

My personal website and blog, written in **React JS**. The website is **statically generated** and has fast load times. Blog posts are written in **Markdown** and generated at build time. Styled using **Tailwind CSS**.

Chestnut - github.com/konstapascal/chestnut

Educational **React JS** app used to teach the basic concepts of **PKI** and **cryptography**. The application also has a **REST API**, written in **Node JS**, which serves as the **backend**. **Chestnut** has been my **Bachelor's project**.

URL Shortener - sh.konstapascal.dev

URL shortener application created with **Create React App (CRA)** and styled with **Tailwind CSS**. Extremely useful for both **shortening URLs** and having them named using my personal domain. Supports both the **import** and **export** of links.

🎓 EDUCATION

Bachelor's degree in Information Technology, Oslo Metropolitan University
2016 — 2020

Relevant courses in **programming**, **web development**, **UI**, **UX**, **databases**, **algorithms** and **data structures** but also **operating systems**, **networking** and **English communication**. This degree gave me a good introduction to a broad spectrum of subjects which I have later followed upon and invested additional time learning.

General studies, Oslo Cathedral School
2013 — 2016

Most notably, subjects such as **Information technology I** and **II** gave me a good introduction to the web, **HTML**, **CSS** and **JS**.
